| Measures for cleaning / collecting    | No special dispose required, always follow federal, state and local regulations. |

|                                  |   |
|----------------------------------|---|
| <b>7.</b>                        | <b>HANDLING AND STORAGE</b>                                 |
| Handling precautions             | No special demands.   |
| Storage precautions / conditions | Keep in original packaging. Should not be exposed to frost. |

|                              |  |
|------------------------------|--|
| <b>8.</b>                    | <b>EXPOSURE CONTROLS AND PERSONAL PROTECTION</b> |
| Arrangement of the workplace | No special demands.                              |
| threshold limits             | None.  |
| Personal protective          | None.  |
| Additional information       | Follow good chemical hygiene.                    |

| <b>9.</b>                 | <b>PHYSICAL AND CHEMICAL PROPERTIES</b> |
|---------------------------|---|
| Appearance                | Liquid.                                 |
| Colour                    | Amber                                   |
| Odour                     | None                                    |
| Solubility                | Water-soluble                           |
| pH-value concentrated 10% | 7                                       |
| Viscosity                 | ca. 10cP.                               |
| Density                   | 1:1 calculated.                         |
| Flash point               | -                                       |
| Boiling point             | 100 °C.                                 |
| Freezing point            | 0 °C calculated.                        |

| <b>10.</b>                                | <b>STABILITY AND REACTIVITY</b> |
|---|---------------------------------|
| Stability                                 | Stable.                         |
| Terms / Materials which should be avoided | No special demands.             |
| Hazardous reactions                       | None.                           |
| Dangerous decomposition products          | None.                           |

| <b>11.</b>      | <b>TOXICOLOGICAL INFORMATION</b>            |
|-----------------|---|
| Acute toxicity  | Not acute toxic.                            |
| Skin irritation | Long-term contact can give skin irritation. |
| Inhalation      | Not relevant.                               |
| Eye contact     | Can by direct eye contact cause irritation. |
| Consumption     | No known damage in small amounts.           |

| <b>12.</b>   | <b>ECOLOGICAL INFORMATION</b> |
|--|-------------------------------|
| A composition, which considers a quick biodegradation and neither disturb the environment or the biological purification plant, has been chosen. Further more it is biodegradable in accordance with the OECD test method and EU-regulation. |                               |

| <b>13.</b> | <b>DISPOSAL CONSIDERATIONS</b>   |
|------------|--|
| Product    | No special dispose required, always follow federal, state and local regulations. |
| Packing    | Empty packing can be disposed with the local disposal system.                    |

| <b>14.</b>                         | <b>TRANSPORT INFORMATION</b> |
|------------------------------------|------------------------------|
| Not classified as dangerous goods. |                              |

| <b>15.</b>   | <b>REGULATORY INFORMATION</b>    |
|--------------|----------------------------------|
| Labelling    | No danger labelling is required. |
| R-phrases    | None.                            |
| S-phrases    | None.                            |
| Limit of use | None.                            |

| <b>16.</b>          | <b>OTHER INFORMATION</b>  |
|---------------------|---|
| Packing             | General packaging information - 750mL, 5L, 20L, 210L, 1000L flow bin                                |
| Customer adjustment | Ask for additional information.   |
| Composition         | Based on the existing EU regulation, information from our suppliers including available literature. |
